Crowns of Fate

Anna Applegate & Helen Domico

SYNOPSIS:

My mate is captured. My kingdom has fallen. And my enemies? They have no idea I'm coming to destroy them all.

My entire life, I believed I had no magic. But during our battle with King Dargan, my power erupted, showing the world the magic inside of me. Light magic sparked by my acceptance of myself and my mate.

Leaving Kade behind was a nightmarish kind of torture, but as the darkness overtook him, he begged me to run, so I did. Now, with Kade's life in Thames's hands, I must return home to win back my kingdom, gather an army, and find a way to save the only family I have left.

Trapped for a thousand years, Thames is prepared to rule us all. His darkness is spreading, creating more dark ones by the minute, and a secret weapon threatens to

give him the victory he so desperately desires.

It's not just my kingdom at stake, but all of Atheria. Every last one of those responsible for the deaths of my loved ones is [CS1] about to pay in blood. This battle will decide our fate. Will we survive and live in the light, or will the darkness destroy us for good?

It all comes down to this. For Atheria, we fight.

PULL QUOTES:

“I forced my head to remain bowed low, waiting for his approval. Just as I had waited for my father’s approval time and time again.”

“I’m no man, but I am the Hidden Henchman. Seems only right I should thank you personally for answering my call.”

Kade’s hand shot out, grabbing me around my throat and keeping me from him. “He’ll be thrilled to know how easy you made this.”

I gasped, unable to inhale a deep enough breath as I choked. “Kade?”

His grip didn’t quite cut off my air supply, but it tightened even more at my question.

He pulled me toward him and ran his nose along my jawline. “Oh, Little Rebel. To be fair, I did tell you to run.”

“If I had to go, never doubt that I’d find you again. I’d hunt down the Fates themselves and demand they return me to you.”

“My sweet mate, I am in charge here.” I grinned, nipping at her bottom lip once as I brought her hands over her head and against the wall. “So you *will* do as I say, or you’ll be punished. Do you understand?”

“Come on, Little Rebel. Let’s go take back your throne.”
